PRELIMINARY AMENDMENT

This is a U.S. national stage application of Patent Cooperation Treaty (PCT) international application PCT/JP2003/012669, with international filing date of 2 October 2003, published 15 April 2004 as WO 2004/032045 A1.

Priority is claimed of Japan Patent Application 2002-292873 filed 4 October 2002.

Submitted herewith is the English-language translation of the present patent application.

Prior to examination of the accompanying U.S. national stage application, please amend the application as follows:

For the convenience of the Patent Office, a substitute specification is submitted herewith, showing the English-language translation of the present patent application as amended. The amendments are reflected also in the marked-up version of the specification, which compares the English-language translation version with the substitute version attached herewith.

The claims listed replace all prior versions or listings of the claims. All claims are set forth whether or not amended.
